

**09-040**

**Appellant** – Wagner Natural Area Society, **Operator** – Consor Developers Inc., **Location** – Big Lake, Alberta, **Type of Appeal** – Discontinuance

A Notice of Appeal was received from the Wagner Natural Area Society on January 25, 2010 with respect to the December 4, 2009 decision of Alberta Environment, to issue *Water Act* Approval No. 00251515-00-00 to Consor Developers Inc., authorizing the construction of two industrial stormwater management facilities discharging into a tributary to Morgan Creek and ultimately into Big Lake.

On February 2, 2010, the appellant requested a stay of the Approval, and on February 8, 2010 Consor Developers filed a motion requesting the Board dismiss the appeal. The Board advised the participants that the stay request and motion to dismiss would be placed on hold while the appeal proceeded to mediation.

In consultation with the participants, the Board held a mediation meeting on March 10, 2010, in Edmonton. A resolution was reached concluding with the appeal being withdrawn after the terms of the resolution were fulfilled. On July 7, 2010, the Board closed its file as the appeal was withdrawn.
