A Notice of Appeal was received on January 4, 2013 with respect to the November 30, 2012 decision of Alberta Environment and Sustainable Resource Development to issue *Environmental Protection and Enhancement Act* Approval No. 253979-00-00 to Osum Oil Sands Corp. for the construction, operation and reclamation of the Taiga enhanced recovery in-situ oil sands or heavy oil processing plant and oil production site, near Cold Lake, Alberta.

In its letter of January 11, 2013 the Board advised the Appellant that if his only concern is related to a municipal roadway and the dust associated with it, the issue, in and of itself, is not appealable. Based upon letters dated February 21, 2013 and March 11, 2013 from the Appellant, the Board considered the appeal withdrawn and thereby discontinued its proceeding on March 13, 2013 and closed its file.
