Appellant – Eastern Irrigation District, **Operator** – Eastern Irrigation District, **Location** – County of Newell, Alberta, **Type of Appeal** – Discontinuance

A Notice of Appeal was received from the Eastern Irrigation District (EID) on March 18, 2019 with respect to the March 13, 2019 decision of the Director, South Saskatchewan Region, Alberta Environment and Parks (AEP), to issue Water Management Order No. WMO-2019/02-SSR to the Eastern Irrigation District for failing to maintain or repair works referred to in Water Licence No. 00071066-00-00. Licence No. 00071066-00-00 authorizes the Eastern Irrigation District to divert and use water from the Bow River at SW-01-021-19-W4M for irrigation and stockwatering purposes. The open cut ditch located at SE-16-021-18-W4M within the boundaries of the EID was plugged at the south end and AEP directed the plug be removed.

AEP advised on March 25, 2019 that the EID had complied with the Water Management Order, and the Order had been closed. On March 26, 2019, the Board received notice from the EID that the appeal was withdrawn and on March 27, 2019 the Board discontinued its proceedings and closed its file in this matter.
