Environmental Appeals Board hearing schedule

The Environmental Appeals Board Hearing scheduled for June 27, 2008, at the Board's office in Edmonton, has been cancelled as Daylight Energy has withdrawn their appeal.

The hearing was with respect to an appeal filed by Daylight Energy in relation to the decision of Sustainable Resource Development to cancel Reclamation Certificate No. MSL014114 issued on May 6, 2004 to Vintage Petroleum with respect to the VPCI Puskwaskau 15-25-074-26-W5M well, in the Municipal District of Greenview. Daylight Energy is the successor to Vintage Petroleum. On February 14, 2008, Sustainable Resource Development cancelled the Reclamation Certificate as a result of an audit of the site that found Canadian thistle on the site and road allowance that was not present in the offsite controls.
