Environmental Appeals Board hearing schedule

January 02, 2015 [Media inquiries](#)

The Environmental Appeals Board will be conducting a hearing via written submissions only with respect to an appeal of Alberta Environment and Sustainable Resource Development's decision to issue *Water Act* Preliminary Certificate No. 00348439-00-00 to Palmer Ranch (1984) Ltd. The Preliminary Certificate states that upon compliance with conditions in the Preliminary Certificate, Palmer Ranch will receive a licence to divert 730 cubic metres of water annually for commercial purposes (water bottling) from a well in NE 29-003-28-W4M that is hydraulically connected to the Waterton River with priority number 2000-04-04-001.

The Environmental Appeals Board is a separate and independent body that reviews certain decisions made by Alberta Environment and Sustainable Resource Development. The Board is composed of environmental experts from a variety of disciplines.

Any person, other than the parties, who wishes to make a representation before the Board on this appeal must submit a request by fax or by e-mail to the Board. The request must be received by the Board on or before January 20, 2015. It is the applicant's responsibility to ensure that the request has been received. Such a request shall (a) contain the name, address, e-mail, and telephone and fax numbers of the person submitting the request, (b) indicate whether the person submitting the request intends to be represented by a lawyer or agent and, if so, the name of the lawyer or agent, and (c) contain a summary of the nature of the person's interest in this appeal. Applications will only be considered if the information will assist the Board in making its decision, and will not duplicate the information provided by the parties. After January 20, 2015, the Board will determine if other persons may make representations.

Effective January 8, 2015, copies of material filed with the Board respecting this appeal will be available for viewing at the Pincher Creek & District Municipal Library during its normal operating

hours, or by appointment at the office of the Environmental Appeals Board in Edmonton.

The information requested is necessary to allow the Environmental Appeals Board to perform its function. The information is collected under the authority of the *Freedom of Information and Protection of Privacy Act*, section 33(c). Section 33(c) provides that personal information may only be collected if that information relates directly to and is necessary for the processing of this appeal. The information you provide will be considered a public record.
